350 Subd 4 1st member

The question of repairs to this building was first mooted by the Municipal Secretary in 1906 and the matter has been pending since then. An estimate for Rs 330 was sanctioned in 1906 and on representation of the disciples a modified estimate was called for. After a good deal of correspondence an estimate for Rs 9,375 was sent up for sanction. The Swami's order was consulted and he was against. Such a heavy cost. And a revised estimate was called for and an estimate for Rs 4380 was finally sanctioned on 15.1.16.

Again the disciples objected to the plan and a revised plan and estimate were submitted costing Rs 4988-

NOTE—Contn. sheet.

GPB—20,000—30-6-15

Serial No.

was sanctioned (on 3-6-15) and this estimate was under execution until it was stopped after order of the Chief Engineer.

19) It is no doubt true that by our action we have been giving the disciples at Ramnathpur a hope that their head Matt building will be put in satisfactory repairs by Govt. Unless the Govt chooses to keep its hold upon this building and the fund for its repairs, it is not possible to execute the work. The Mathas is likely to complain of the Govt not handing over charge and after expenditure which maybe considered after Matha to be unnecessarily high. On the other hand while the Municipality maybe requested to execute the repairs himself to such extent as may be considered necessary, it will be difficult to enforce the advice.

20) If approved the P.W.D maybe desired to proceed with the work or in the alternative, the question may be one for the present
